

## Project Flow

Date	30 <sup>th</sup> October 2022
Team ID	PNT2022TMID09615
Project Name	Visualizing and Predicting Heart Diseases with an Interactive Dash Board.
Maximum Marks	4 Marks

## IBM CLOUD ACCOUNT

The screenshot displays the IBM Cloud Dashboard interface. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user profile (MEGHA RANJHUNA T S...). Below the navigation bar, the main content area is titled 'Dashboard' and features a 'Create resource' button. A 'For you' section presents a horizontal carousel of recommended actions, including 'Build' (a large blue tile), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a virtual machine' (7 min), 'Build a Virtual Private Cloud (VPC)' (7 min), and 'Get started with Watson Discovery' (2 hr). The bottom of the dashboard is organized into four columns: 'News' (with links to SLSA Support, WebSphere Application Server Support, and IBM Adds Lifecycle Services), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (featuring a world map visualization).
